1. Call to Order

- Welcome and Introductions
- Review Last Meeting's Minutes
i. Approve: Mike Shanks
ii. Second:Tisha Elford

2. Admin Reports

- Brad
- School start-up
- An open house for Grade 6 families was held in Aug
- Meet the teacher night this year was a BBQ which was the first time doing it in such a fashion. With that there were a few growing pains but overall it was a successful event.
- Parent feedback was that if held again water would be an needed addition
- Another parent suggested get places to donate water etc, if done again
- School wide assembly September 21th with an author Kevin Sands.
- There will be a traditional Blackfoot flag raising ceremony next Friday Sept 29th
- Staffing changes to start the year
- Due to some leave of absence at the beginning of the year 2 teachers have been hired to fill that role, Erin Wallace.
- Construction update
- Over the past several years the school fundraising has gone towards a new outdoor recreation area and storage shed. At this point the area is still considered a construction site and will be until the fence is removed.

A few things need to occur in order for that to happen such as painting lines on the court.

- The goal of this area is to be a place for the kids to play and interact at a middle school level.
- This area will eventually have 6 basketball hoops (2 more put in next year), pickle ball court, Gaga Ball pit, and four Square lines.
- Matt Brunner is getting quotes for signs for the side of the new storage shed.
- School communication throughout the year - Gator Gab, Messenger, Synervoice, Social Media, website, digital sign
- GS Lakie YouTube live student announcements. Students do a great job putting that together

## - Matt

- Fundraising
- Review of Fundraiser - Ongoing
- There will be a total of 5 assemblies held regarding the fundraiser by the end.
- We are on track to surpass the amount of cards sold last year
- As the last few years have gone to a larger, long term goal fundraising campaign this year the goal is more of a short term goal. The hope is to upgrade and replace some of the equipment in the fitness room, such as potentially the Rower, etc.
- Oct 2 will be the fundraiser wrap assembly
- Extracurricular
- We had our school wide terry fox run/ x-Country event on September $14^{\text {th }}$. It turned out to be a great day which resulted in a bunch of the kids participating in the city meet on September $20^{\text {th }}$.
- Zones will be in pincher creek On Oct $11^{\text {th }}$
- Volleyball is up and running. The kids seem to be doing well. We have our home tournament at Lakie Oct $27^{\text {th }} / 28^{\text {th }}$

## - Canteen

- Opened September $18^{\text {th }}$
- Different model this year in that it is more of a hot lunch style. Reason for this change is the hope that eventually we can make our facilities into something that can host a vendor on site. Until then last year's model was not sustainable for the front admin staff. It was requiring too much of their time and effort to justify this model.
- The new model seems to be going well so far.

## - School Clubs

- club chart was shown and highlighted the many oppounrties are students have.

Bussing - In-eligible rider, boundaries.

- Discussion regarding next years new boundaries (grade 61 Km , grade 7/8 2 Km ), and who div 1 bus is full but at this time div $2 \& 3$ have room so in-eligible riders are able to talk to Matt Burnner and apply for accommodation on busses where there is room.
- Aimee
- Option change requests - completed for term 1
- This process is completed for this term and it went smoothly

PL journey

- The focus this year will again be trauma informed practices, and supporting all learners. It is no longer financially feasible to do a retreat so to still change the environment and provide off campus learning, a room at the new exhibition center has been booked along with a guest speaker who will speak to self care etc.
- Official - new benchmarking system for the year (English as Additional Language - EAL)
- Last year they pilotted the program but it is official in place and different than previous years

New curriculum implementation

- The government has just released new guidelines regarding the new curriculum and the expectations on teachers to implement this and it's resulting impact on the PAT's. This is all new and developing quickly.
- The Division has now ordered the new resources for the new curriculum for the staff. This will arrive shortly.
- New division superIntendent has been very supportive and reasonable in his expectations
- 2 teachers along with Aimee went to an implication meeting regarding the new curriculum.
- Spanish programming
- Due to certain requirements the Spanish programming time table is different from the rest of the school. This unfortunately created some confusion with attendance etc , however this has now been fixed.
- LST breakdown
- Inclusive Learning Room - Ashley Lynch
- FLEX room - Kate Waldie/Joe Wright - opportunity to help support students wherever they are needed.
- EAP (English Acquisition Program) - Joe Wright
